

Senate Bill 184 Advisory Committee Subcommittees

1. Emission Reduction Targets

- 8 Carbon Reduction Commitment Energy Efficiency program
- 9 Climate Change Agreement program
- 15 Electricity Reduction Program
- 23 Industrial Sector Energy Efficiency
- 30 Natural Gas Reduction
- 42 Utility Energy Efficiency Programs
- 47 500 MW Non-Wind RPS
- 48 Energy Efficiency Goals Investor-Owned Utilities

2. Energy Efficient Buildings

- 16 Existing Low-Income Homes
- 17 Existing Non-Low-Income Homes
- 18 Existing Private Commercial Buildings
- 19 Government Buildings
- 31 New Homes
- 33 Point of Sale Energy
- 34 Privately Owned New Buildings
- 38 Revolving Loan Fund PACE
- 46 Zero Energy Homes
- 52 Updating Statewide Energy Codes for New Buildings

3. Energy Efficient Equipment

- 6 Appliance Efficiency Standards
- 11 Community Infrastructure
- 12 Dimming/Daylight Harvesting Fluorescent Ballasts
- 13 Electrical Devices and Small Appliances
- 24 Lighting and Major Appliances
- 32 Office and Non-Commercial Devices
- 37 Residential Refrigeration Early Retirement Program

4. Oil & Gas (Refinery & Fuels)

- 1 GHG Leak Reduction from oil and gas transmission
- 4 Reduce Methane Emissions from the Exploration and Production of Oil and Gas
- 5 Stationary Internal Combustion Engine Electrification
- 26 Low Carbon Fuel Standard
- 27 Low Friction Oil
- 35 Refinery Energy Efficiency Process Improvement
- 36 Refinery Flare Recovery Process Improvements

5. Other Industry

- 2 Increase Combined Heat and Power Use
- 3 Landfill Gas to Energy Incentives
- 7 Carbon Intensity Standard for Cement Manufacturers
- 10 Closed Loop Storage Tank Degassing
- 21 HVAC Line Guide
- 22 Industrial Boiler Efficiency
- 43 Waste Reduction in Concrete Use

6. State & Local Government

- 14 Electricity Pumping Cost and Greenhouse Gases
- 25 Local Government Actions and Targets (Vehicle Miles Traveled Reduction)
- 44 Water Efficiency in Public Schools
- 45 Water Efficiency in State Buildings and Facilities
- 51 Shortened or Alternative Work Weeks

7. Vehicles & Transportation

- 20 Heavy-Duty Vehicle GHG Emission Reduction
- 28 Medium and Heavy-duty Vehicle Hybridization
- 29 Mileage-based/Pay-as-you-drive Car Insurance
- 39 Solar Reflective Automotive Paint and Window Glazing
- 40 Tire Pressure Program
- 41 Tire Tread Program
- 49 Light-Duty Vehicle GHG Standards
- 50 GHG Feebate Program in Lieu of GHG Standards
- 53 Texas Emissions reduction Plan (TERP) for Black Particles

8. Strategies in Other States and Countries

To consider the strategies for reducing the emissions of greenhouse gases that have been implemented in other states or nations.
