Dear Taxpayer:

In 2007, the 80th Legislature enacted House Bill 3554 to continue the petroleum products delivery fee at a reduced rate. The fee will apply to all petroleum products imported into Texas or withdrawn from bulk storage facilities and delivered into cargo tanks or barges. Effective September 1, 2007, the fee will be based upon total gallons delivered, as shown in this schedule:

<u>Gallons Delivered</u>	<u>Fee</u>
Less than 2,500	\$ 3.75
2,500 but less than 5,000	\$ 7.50
5,000 but less than 8,000	\$11.75
8,000 but less than 10,000	\$15.00
Each 5,000 gallon increment on 10,000 gallons or more	\$ 7.50

For deliveries of at least 7,000 but less than 8,000 gallons (whether single product type or split load), special rules apply:

- If the gasoline portion of the delivery is less than 7,000 gallons, the fee is \$11.75.
- If the gasoline portion of the delivery is at least 7,000 gallons, the total load is presumed to be at least 8,000 gallons and the fee is \$15.00.

The fee will expire on September 1, 2011.
